CAREER OBJECTIVE

Motivated BCA (AI Specialization) student in my 2nd year, passionate about Artificial Intelligence and Machine Learning. Eager to apply foundational knowledge in Python, AI/ML concepts, and data analysis to real-world problems. Seeking opportunities to grow through hands-on projects, internships, and collaborative learning.

EDUCATION

Bachelor of Computer Applications (BCA)

AI Specialization | 2nd Year (Ongoing)

T John College (Autonomous)

Bangalore, India
2024 – 2027

TECHNICAL SKILLS

Programming Languages

Python (Basics – Intermediate)

AI / Machine Learning

Supervised & Unsupervised Learning, Model Evaluation, Data Preprocessing

ML Libraries & Tools

NumPy, Pandas, Matplotlib, Scikit-learn (Basics)

Core CS Concepts

Data Structures & Algorithms, DBMS, Operating Systems

Developer Tools

VS Code, Jupyter Notebook, Git & GitHub

Soft Skills

Problem Solving, Quick Learner, Team Collaboration, Communication

RELEVANT COURSEWORK

- Introduction to Artificial Intelligence
- Machine Learning Fundamentals
- Python Programming
- Data Structures & Algorithms
- Database Management Systems
- Statistics for Data Science
- Computer Networks
- Object-Oriented Programming

ACADEMIC PROJECTS

AI/ML Mini Project | Python

- Built a basic classification model using Scikit-learn to predict outcomes on a sample dataset.
- Performed data cleaning, feature selection, and model evaluation (accuracy, confusion matrix).
- Visualised results using Matplotlib and Pandas.

Python Scripting Project

- Developed Python scripts to automate data processing and file management tasks.
- Applied core concepts: loops, functions, file I/O, and exception handling.

INTERESTS & ACTIVITIES

- Exploring AI/ML research papers and trending topics in deep learning and NLP.
- Participating in online coding challenges and hackathons.
- Contributing to and exploring open-source repositories on GitHub.
- Self-learning through platforms such as Coursera, YouTube, and Kaggle notebooks.

I hereby declare that all the information provided above is true and correct to the best of my knowledge.
